Hi everyone,

This invite is for a final meeting for us to discuss Oregon's proposed mercury multi-discharger variance. We're currently planning to schedule a call with ODEQ the week of 10/14.

ODEQ is hoping to hear from us regarding:

- 1.) Can EPA approve the proposed approach to the variance?
- 2.) If not, what are the issues that are not approvable?
- 3.) What can DEQ do to fix these issues?"

The document can be found at ODEQ's website:

<https://www.oregon.gov/deq/Regulations/rulemaking/Pages/rmercury2019.aspx>. Lindsay will be sending out a Word version for review and comments.

This week was a little trickier to get something on the schedule, so if you'd like to propose another time, please feel free to let me know. Thanks!
